

65TRi40MTL

Linear Drain

The 65TR40 is standard style grate featuring a 3mm wire/5mm gap.

The 65TRi40MTL is made to specific lengths with a customised outlet position along the drain.

The complete drainage unit is full 316 marine grade stainless steel.

Please be aware that depending on the installation environment, for a pool installation or close to a surf beach, you may need to have your stainless steel grates electropolished. Electropolishing will reduce the risk of tea staining caused by the salt or chlorine.

Please note that our TR grates have a non linished finish.

Refer to AS3500 for outlet pipe sizes specific to your installation.

SPECIFICATIONS + DIMENSIONS

Channel Width 72mm
Channel Depth 42mm
Length(s) As Required
Outlet Size DN40, DN50, DN65

STORMTECH COLOUR FINISHES

Electroplate finishes subject to natural variation with time and local environment. Factors such as pools/surf beaches may require electropolishing. Contact us for suitability.
