## Modular drainage system with a stainless steel grate and uPVC channel and fittings.

The 65PAS is a slot perforated grate design manufactured from 316 marine grade stainless steel. Combined with a UPVC drainage channel it offers an affordable option to use the Slimline system.

Please be aware that depending on the installation environment, for a pool installation or close to a surf beach, you may need to have your stainless steel grates electropolished.

Refer to AS3500 for outlet pipe sizes specific to your installation.
