

ARCHITECTURAL  
GRATES + DRAINS

# 38AR40

## Linear Drain

**Code** 38AR40

**Range** Special Assembly

**Grate Style** AR

**Category** Components

**Channel Material** Stainless Steel

**Steel Grade** 316

This is our premium architectural grate for use with the 38G90 and 38G100 Special Assembly drain.

A 38mm wide UPVC channel is connected via downpipes at 200mm intervals to sockets in a 90mm or 100mm drain below. This allows the channel to be installed level while the drainpipe is given sufficient fall to be self-cleaning.

Please be aware that depending on the installation environment, for a pool installation or close to a surf beach, you may need to have your stainless steel grates electropolished.

This unique drainage system was recognised for its innovation by a DesignMark at the Australian International Design Awards.

### SPECIFICATIONS + DIMENSIONS

<b>Channel Width</b>	38mm
<b>Channel Depth</b>	40mm
<b>Length(s)</b>	1200mm 1500mm
